

9th Advances in Chemical Sciences Symposium

Thursday 12th November 2020 – Alkermes, 900 Winter St, Waltham MA, 02451

08:00 - 09:00	Continental Breakfast
08:45 - 9:00	Welcome to the Symposium - Opening Remarks: Raj Rajur (CreaGen Inc., Chair, Medicinal Chemistry NESACS) and Mark Ashwell (Nimbus Therapeutics)

Morning Session Chair: Adrian Hobson, Abbvie

09:00 - 09:50	M. Christina White, University of Illinois Title: Late-Stage C—H Functionalization for Diversification Introduced by Andrew Scholte (Sanofi)
09:50 - 10:40	Matthew LaMarche, Novartis Title: Allosteric Inhibition of SHP2 Phosphatase Introduced by Lisa Marcaurelle (GSK)
10:40 - 11:10	Networking break with refreshments & food
11:10 - 12:00	Jin-Quan Yu, Scripps Research Institute Title: Molecular Editing through Enantioselective and Remote C—H Activation Introduced by Blaise Lippa (Morphic)
12:00 - 14:00	Lunch Break - Sandwich Buffet

Afternoon Session Chair: Brian Aquila (Alkermes)

14:00 - 14:50	Nate Fuller, Alkermes Title: To Be Announced Introduced by Brian Aquila (Alkermes)
14:50 - 15:40	Rebecca T. Ruck, Merck Title: Enabling Technologies for the Development of Best Process Introduced by Scott Edmondson (AstraZeneca)
15:40 - 16:10	Networking break with refreshments & food
16:10 - 17:00	Keynote Presentation by Prof. Robert Grubbs, Nobel Laureate, California Institute of Technology Title: To Be Announced Introduced by Brian Aquila
17:00 - 18:00	Closing remarks Dan Elbaum (QurAlis) Social Networking with beer, wine & food - NESACS
